## **Blessin Flow Down**

(Intro)

what ya gonna do  
when you hit the flow  
I don't even know  
when ya blessin  
fall down

(Chorus)

when blessins flowin  
kick the door in  
cut that steak  
and get to grubbin  
bills all paid  
and extra money  
all your break throughs are a comin

bless the Lord when blessings fall down  
shop this week when workers call out  
blast some music and we show out  
lets all eat this goodness no doubt

(Flow 1)

kick the door in cut that steak up  
get to grubbin bills all paid up  
do a dance when you get that blessin  
have a little fun cause there ain't no guessin

like a carnivore dinosaur i get hungry  
prowlin in the store they got somethin for me  
casserole enchiladas boy thats yummy  
burgers on the grill in my tummy

when blessins fall down brothas get up  
put some coolaid with ice in my cup  
give a church offering out of good love  
reach and pass them potatos the shelf above

marriages dealings family reunions  
prayers healing during communions  
give a toast Jesus hes over billing  
so swag off chandeliers on the ceiling

(Outro Flow)

toothpicks napkins gourmet cheese  
say your prayers before eat  
vacation travel on the cool  
have dem passports thats the rule

we know blessings are more than material thangs  
like cash and cars and diamond rangs  
having a peace of mind and to maintain  
are just a few priceless things to gains

anyway tho you know whats up  
d alias put ice in my cup  
when pockets get fat its time to erupt  
like a volcano i gobble you up

don't forget the charities  
we all be needing clarity  
the grace of god is flowin  
im just a lettin you know it

**Carol of the Bell Mix**

(Flow 1)	(Flow 3)	(Flow 4)
heaven was short one person when mary conceived best believe a gift man received	exponential great potential to all the nations it was essential	a present everyday a giver paved the way his spirit here to stay thank him when we pray
he was born in a manga and followed by strangas stirred up herod the child was in danger	he extend his hands to all of man where there is a need there is demand	have a merry christmas Emmanuel is with us live life to the fullest the word will help you do this
dwelt among us as the son of man he lived his life perfect for spick and span	the word is love the word is truth to all the old to all the youth	king of kings (echo) amongst all of these whom foresees the possibilities
as planned he fulfilled the prophecies and many miracles on top of these	don't get it twisted or else you'll missed it the supernatural will make you a witness	c to the h to the r i s t m a s you know this ain't bout toys and dollys or the big guy laugh that's jolly
such as standing on top of seas built the church up with his twelve best homies	don't look for a sign get three days and a fish his priorities on top of the list	now i just spelled it out you know in hebrew it does too the names in order translate what the Lord would do as the future grew who would knew
messiah's no liar but tempted when lonely but pressed boldly because he was holy	advance his kingdom for the souls of men and reversing damage from the effects of sin	thank god for a savior death is but a hater the son overcame it like a tomb raider
(Flow 2)		
soon as the apostles shared the gospels the religious group became very hostile	unwrapping presents from past expense now the future's intense reflecting who was sent	we can receive peace under the lamb's fleece comfort and safety on the daily
he was put on trial and hung on a tree crucified on the cross for you and me	joshua messiah ain't no one higha he's the one i follow the devil is a liar	(Chorus)
on the third day it was a guarantee so he rose again for man to see	paul makin tents had an audience under providence beyond common sense	everyday is christmas mary merry christmas
ascended to the father to take a seat Christ took it bitter so we may taste it sweet	traveled round about so he pointed out aspects of the christian conflicts of division and transformed ways you should be living	(Background Vocals) ding dong ding dong
	churches of christ greet with a holy kiss anything i missed	
	carnal men into a spiritual friend the body of christ can begin	

## Green Genre

(Chorus)

what's up wit it  
just flow wit it  
everybody now say put love in it

in the name of what  
everybody get some Jesus dat brotherly love  
rep peacemakas not fakas soak 'n dove  
soak evalasting liquid from the One above

i neva eva wanna puta end to dat  
how eva green ya planet betta bring it back

steady chewin on the word like a snack attack  
smackin devils in the face like a quarter back - what

how'a eva you'a wann'n to do it  
lighted path from the Lord now go and persue it

its better when i say it  
when you runnin' into it

but if ya dumb dumb down the word it smells like sewer  
soma this and dat ratta tat tat  
im nothin but net now how bout that

evrybody wanna soon enable greata nua level froma dynamos trua dat - what

(Flow 1)

im a top it up and drop it to ya  
that our God fatha did tha big toppin for us  
evrybody to dis day be rockin the cross  
butt a now shot calla isa rockin a boss - what

froma tomb came a resurrect  
time is coming for His respect  
reapin time is payin ya back  
everyone a gonna be a made a believea to a His reverence

new memba dilemma now tryin' ta renda  
til you get a legal tenda comin on a decemba  
comin through on a dinna  
blessin saints and a sinnas  
God neva losin Christ is always the winna  
cause the death on cross happened if you rememba

bow to throw down and then throw up  
breakin nu story but to give Jesus honor and glory and dat is whats up - yup  
baptized and wet  
anybody want to say that  
anybody want to get up  
open on up and now say Jesus

(Flow 2)

fatha in heaven  
please bless us on earth  
you gave us Jesus  
hes perfect from birth  
we bend the knees  
when we feel the squeeze  
reach down and give us  
an ease - yeez  
you a givin us your  
holy spirit  
the heavens open up when  
you hear this lyric  
and the green grass grows  
when a sinnas repentin  
but the kingdom saints rejoice  
when we representin

for God so love the world  
he gave his only begotten son  
whoever believes in him  
should really have everlasting fun  
he didn't send him in the world  
to condemn the world  
but through him he could save the  
world or any boy or any girl

if ya got the holy trinity you  
got plenty of grace and truth  
raise a child up with wisdom  
and readied him from youth  
according to the gospel word  
will get you tight and livin right  
for blind you will find hope,  
alteration and new sight

(Flow 3)

Gotta wanna get it  
He's the one that sent it  
Truly you repentant  
Now ya life beginnin  
Hope is neva endin  
Now ya soul grinnin  
But not independent  
And you want resent it

Write it down and pen it  
Now I think you gettin it  
Live it like you meant it  
Now you outta prison  
Jesus Christ is risen  
Devils always hissinn  
He's da one thats trippinn  
Now-a you-a living

## Liberty REad

(Flow 1)

his head was banged up  
he was a head banga  
he nodded his head  
liberty spikes embed  
his color wasn't green  
he was covered in red  
looking down on man  
is the reason he bled

(Chorus)

liberty was red  
liberty ain't dead  
crown sit on his head  
liberty ain't dead

liberty ain't dead x4

(Flow 2)

liberty was read from the gospels  
and freed many souls  
the price that he cost  
was not paid in gold  
he saved with a book  
that came from many scrolls  
delivered many lives  
from young to the old

(Flow 3)

Yeah he died but came alive again  
some had even fled  
some whom that he led  
one had even dread  
  
for centuries people passed the torch  
and men got out of bed  
spoke freedom in the shed  
a movement now was bred

(Flow 4)

freedom and equality  
went the extra mile  
folks got to reconcile  
jesus is the how  
  
jesus is the who  
jesus is the how  
how about now  
no sweat from the brow

liberty was red (repeat on outro)  
liberty ain't dead  
crown sit on his head  
liberty ain't dead

liberty ain't dead  
liberty ain't dead  
liberty is red  
liberty is read

(Flow 5)

liberty can fly  
and even touch the sky  
aint grounded  
but his town is  
looking kind of dry

people's burdens make em cry  
all they do is pout and sigh  
if you need it betta read it  
why liberty is alive

liberty is alive  
liberty is alive  
if you read the holy bible  
the scriptures come alive  
  
liberty is alive x4

## Overdosed

(Flow 1)

yeah, yeah  
too much too much x3  
too much too much  
too much

people be psychotic  
technology be hypnotic  
like zombies living up in a trance  
with no path  
you don't even got a chance

on too much extra content  
the money ain't even well spent  
taken in way too much stimulus  
people paranoid addicted to  
populous

they be like  
why don't you talk to us  
why you be droppin us  
over our head and such  
somebody said too much  
why can we not discuss

what mediocrity  
consumer indulgency  
demanding lifestyles  
stuffs that junk to me  
blind ya reality  
desires in a touch  
ungrateful greedy  
comparing way too much

yeah

think kingdom  
be a man of God  
without a façade  
lets go in and ride  
ain't no need to hide  
being a part of  
Jesus's Christ's bride

there is this notion of being focused  
reaching out not to get noticed

conform not to this world  
but transformed  
by the renewing of the mind  
are you blind

are they stressing you  
by pressin you  
or are you pressin them  
who's got time for impressin  
and guessin

we in a mess and  
learnin a lesson

now lets talk about  
blessin the nation  
a whole new type of conversation

that involves  
empathizing  
sympathizing  
foreseeing God's vision  
on the horizon

tune in to that  
hold this station  
audio wave  
that's comin from dave  
to your recollection  
or subjection  
while you determine your selection

no surprise may be wise  
not to fill up on them lies  
like a green froggy eatin flies  
how much you wager on peoples lives

(Chorus)

everybody be on that overdose  
everybody be on that overdose  
everybody be on that overdose  
too much too much  
from coast to coast

(Flow 2)

what we gonna do without em  
if next generation rock bottoms  
resolution the world aint got em  
how about otta  
get alotta  
pinatas full of love and sweetness  
so many forgot about em

slow down  
reevaluate  
its not to late  
concentrate  
open the gate  
for this message is for anyone  
state to state

be decent and repent  
relent to heaven sent  
recent large percent

too much of this  
and much of that  
everybody  
get on track

like a balancing act  
gravity brings all things back  
except for some things  
Jesus got your back

(Outro Flow)

when folks be in they zone  
they wanna be left alone  
so many people wont be hateful  
if we slow down and be grateful

when love we love is all gone  
our bond that we have is not so strong  
all the joys in the world that we know  
wont be so tasteful but rather wasteful

## Polarized

(Chorus)

polarize on their eyes

(Flow 1)

whats your fix  
to this a list  
consist of this  
prefix suffix  
remix a twist

what you spent  
on window tint  
the clarity  
is where it went  
with good intent

correct the eye  
subjective i  
the reason why  
i objectify  
the common lie

the eagle eyes  
are for the wise  
so wear your size  
that they provide  
no need for vies

polarized to magnify  
many colors that signify  
bend the lens that make  
a mends  
jesus way is true for men

(Flow 2)

vividly helping me  
understanding  
processing god in me  
is demanding  
trinity calling me  
keeps me standing  
enigmas sighting be  
hid you can't see

maintaining retaining  
good composure  
optimized focusing  
on enclosure  
holding on principle  
for exposure  
quality case you  
get full closure

cataclysm for the  
spiritual blind  
a radiant prism  
from the divine  
optimism filling  
an open mind  
but extremely dim  
seeking a sign

faction reaction  
when all can see  
beautiful in action  
color can be  
aurora senora  
visually  
no more of the horror  
indelibly

trying to concentrate  
to calculate  
having to isolate  
you got to wait  
decisions stirring up  
a division  
illumination will  
stop the fission

his kingdom rising  
not surprising  
flying and piloting  
can't be hiding  
the violet spectrum  
block the blighting  
polarized conundrum  
is subsiding

(Flow 3)

yeah, hiding behind them  
shades  
or do you just need to see

the condition  
is partition  
people see  
but things are missing  
they know subtraction

not addition  
that it cost  
to pay attention  
add it up  
you missed alot  
a biased heart  
is what you got  
a certain shade  
is what you spot  
so you wear it  
when you blot - people out

(Flow 4)

get yo brain washed  
cause you know it stank  
polarized in ya eyes  
every time you blink  
the illusion that ya choosin'  
is it from that drink  
now a days people don't  
even try to distinct  
the nation's in a wreck  
and need's its eye checked  
folks in liberty's head  
stairrin' down her neck

brown is okay if you  
about the green  
otherwise you ain't  
a part of the team

blinded by light  
to make you see clear  
like paul in the bible  
Lord Jesus is near

what tint are you on  
is it uv protected  
add or subtract color  
from the plan you selected

(Outro)

the key is Christ centered  
when the holy ghost enter  
he will make you a winner  
even for a beginner

this glorifies him  
other ways turn grim  
the carnal minds see dim  
read about in the book  
of tim

## Raptour

(Flow 1)

get some brain meat  
digging way deep  
searchin for meaning  
the level is real steep

archaic adventure  
a dino thrilla  
it will sift you out  
in and out of your villa

it will cut you up into a brittle bone  
if you wrong and come against it alone  
you think you have maturity and purity  
the truth will have your heart beatin serenity

whos side are you on  
are you the prey  
or you the raptor  
comin afta  
preyin over meat  
and got ya heart beatin  
beneath in its teeth  
and ain't even breathin

its claw  
its jaw  
the terror i saw  
in ones self  
had no breath  
nothin left  
and couldn't even scream  
or get help

ate through ya heart  
and tow ya life apart  
the life in the dark  
then came a spark

there you lay a lie  
and had to die  
there was no good bye  
just a helpless guy

the plight of the night  
right guy in sight  
covered in stripes  
who's clouts' dynamite

a man's strength and might  
try to make it all right

(Chorus)

the truth comin for ya  
like an apex  
a raptor coming after  
for a suspect

it want flesh of the heart  
that's the best part  
pumpin and a thumpin  
where it will start

your life is a cave  
and you lovin darkness  
but you needin saving  
from its udder starkness

you runnin and a gunnin  
a philosifo-rap-tour  
in this new chapter  
it can see the black noir

(Flow 2)

some hightail it  
but don't quite nail it  
archaeological diggin  
got the prodigal yellin  
you think ya know me  
this ain't yoshi  
forerunner got you cornered  
in dark you can't see  
it tracked you back  
that a panic attack  
gotta hunch lunch  
ain't in your backpack

hear me roar  
im a dinosaur  
chompin and a stompin  
right through the door  
here to eat up  
in one gulp abruptly  
find ya life in me  
so don't disrupt me

biped made ya dead  
covered in red  
like a bed spread  
no need for meds

dead man walkin  
no need for talking  
that raptor prowling  
and somewhere stalking

got ya chewing on a mic  
eating on ya own words  
this rap tour  
consumes the absurd

(Flow 3)

while you smiling  
that thang growling  
it may get ya  
if you challenge  
ya homies with ya  
did they split ya  
it get ya woman  
or she quit ya

if you get got

the raptor  
as captor  
soon after  
this chapter  
will capture

your old life  
and consume it  
it lay an egg  
now you a part of it

this yoke ain't no joke  
it will grow  
and gobble new folk  
a new generation  
ready for harvest  
as he spoke

that is the word  
whom i mean  
pursing hearts  
to redeem  
a rapture coming after  
those whom give  
their life for the team

**Reload - monologue**

well you know when devotion  
is set in motion  
its gonna stir up a little bit of  
commotion  
the enemy hates you and me  
because of the story of Jesus  
victory

if you got praise and worship  
days of raisin church up  
from weeks that were real tough  
you felt like it was enough

sometimes the temptation  
of frustration make you  
want to lose out on patience  
however it doesn't mean  
you've reached your limitation  
so keep pacin

because you ain't racing  
the devil's the one  
running out of time  
and im not lying  
he's the one that gonna be crying

if you a child of God  
he best not mess with  
cause we got bullets  
from praise and worship  
reload tenfold turn up  
beast mode now im stirred up

word up  
now my words murda  
shootin devils  
left and right flank  
reload the praise tank  
blastin holia than thou  
elevated to a high rank

got break through  
news for you  
squeeze a hair trigga  
watch the hole get bigga

sayin that  
clip a bayonet  
when the Son set  
get me some of that  
squeezein bullets

gonna fly through  
into the Son light  
now its time to  
praise fight  
on a new height

so i gonna use persona  
like a sprint runna  
takin out foes  
by the loads  
when i get up on ya

angels and prayers  
are my defense  
no coincidence  
overcome haters  
and get ya recompense

**reload**

on that ammunition

im on a mission  
in Christ  
get a grip  
this ain't no guilt trip  
picked up a tip  
bust a devil's lip

keep yo mouth shut  
the lord's on my mind  
bazooka blastin'  
any darkness way behind

machine magazine  
i got every time  
joy  
destroy  
every  
decoy

yo master coming  
after my laughter  
but im much fasta

the enemy foolin'  
his own self  
and gettin slammed  
by a pastor

did you here about the  
weak and the meek  
yeah they be  
tormenting enemies  
while they sound asleep  
it gets deep  
wanna take a peek  
it much too steep

(chorus)

reload that ammunition  
im on a mission  
  
reload that ammunition  
got a suspicion

reload that ammunition  
im on a mission

reload that ammunition  
if you listening

**(monologue continued)**

everybody pray up  
every time you stay up

use that praise and worship  
it's never enough

lift ya head high  
make the devil cry

no need for camo  
we using ammo

exalt the Lord  
sing on a chord

crack a devil's skull  
if you gettin bored

we aimin higher  
when times are dire

making enemies drown  
in the mire - say what

from victory to victory  
and glory to glory  
that's how we put  
a cap on this good story

when we're devoted  
to the Lord  
you slaying devils  
with a sword  
so keep pressing on-  
ward  
and you'll be moving  
forward

keep that in mind  
if you every passing time  
just saying it's prime  
and you'll just be fine

## That Livin' Water

(Flow 1)

like a flounda i found ya sideways  
thirsty and mursty by the byways  
you may wanna quench ya soul  
with something cold  
because of the stench its getting  
old

i know a life source  
that will help your voice  
from getting hoarse  
so you can run the course

have someone told ya  
bout that livin water  
God's word is like a soldja  
with a super soaka

you can can up that soda  
from your son and daughter  
start drinking on that word  
as ya gettin' olda

that liquid swagga  
yes that thang matta  
the evalasting life  
that will clean ya bladda

holy spirit filled  
up in ya grill  
and you feelin fresh  
now that's the deal

the narrative of the  
Samaritan woman  
was drawn well  
and imperative that the woman  
went out to go tell

jesus words got to flowing  
but answers had her going  
livin' word start to showing  
prophetic he was knowing  
a livin' well he was wakin  
affirmed and true wasn't fakinn  
passin through the route taken  
a crowded mass she start makin

(Chorus)

Jesus keep you satisfied  
a liquid source for His bride  
livin' water if ya dry  
put 20/20 in ya eye

it will have you flippin out  
you will scream you will shout  
high quality from the spout  
that living word be comin out

(Flow 2)

let us flow upon the hydro  
the power of God is dynamo  
so what's in it is it nitro  
abundant life which he bestow

this thing gushin out like a spring  
with an epic mass choir bout  
to sing  
glisten in life like a diamond ring  
make the author of your life Jesus  
the King

give it up for Jesus one we need most  
slang a tongue do a dance with the holy ghost  
hose ya down to the ground like a fireman  
local town make a sound your entire clan

credentials ain't essential get a hold of it  
living here ain't no rental keep a home with it  
keep the fluorine and the chlorine out of it  
now we soarin' ain't imploring because of it

(Flow 3)

can you see clear  
that he is near  
remove anything  
that present fear

not thirsty for the world  
so hold the tears  
filling up on sound doctrine  
open up ya ears

the Lord don't believe  
in being stagnate  
he'll cleave to ya tight  
like a strong magnet

you his child now so  
there's no need to fret  
he caught you like a fish  
in His own dragnet

He fill spaces  
like an oasis  
fountains and springs  
not a dream so we stop chasing

mirage is an illusion  
living water is the drank  
that we choose to keep cool in

living living  
water water  
not not  
in a bottle bottle  
if you want a swallow swallow  
Christ is who you follow follow

wash away those insecurities  
dirt grime and many impurities  
think ya solid  
the word will liquitate ya  
blink your eyelid  
make ya a new creata

old things we squash  
this ain't hog wash  
a new day begin  
turn ya into posh

now we ain't snoring  
cause the spirit is flowing  
ya soul is alive  
it surely ain't boring

(Flow 4)

water boy  
full of joy  
good to meet ya  
hip ahoy

i sea life  
school of fish  
high level see star  
make a wish

beathin' water  
through ya gills  
sword fish knows  
he pay the bills

real fish off the hook  
you catch that  
not comin from  
the book  
throw that back

(Flow 5)

ten feet deep  
we divin in  
all in the water  
is that a fin

think i found a pearl  
now im comin up  
a treasure in the  
kingdom  
had to take a gulp

God that holy water  
plenty if your order  
from heaven head  
quarters  
got you crossin  
borders

## **King Jesus King**

(Chorus)

king Jesus king

(Flow 1)

king Jesus king  
signet on His ring  
its a mighty thing  
to sing about a king

seal on this deal  
to whom it will appeal  
you know this thang is real  
no matter how you feel

He wave out His scepter  
forgiveness to the debtor  
His servants feelin better  
approval in a letter

every tongue confess  
every knee shall bow  
makin good progress  
folks be praising now

(Flow 2)

go make inquiries  
and write them in yo diaries  
no one will be sorry  
cause this King's not retiring

justice from Messiah  
raise yo hand much higha  
don't let Him pass right by ya  
cause this King is on fire

Lord Jesus Christ king  
Savior Deliverer  
Love Truth and Grace  
the Light for the human race  
Holy is His face  
sweet is what you taste  
thanksgiving in this space  
king Jesus king  
king Jesus king  
we all rejoice and sing  
king Jesus king

amen to that

## Throw it up for Jesus

throw it up for Jesus, throw it up - yeah

gone throw it up get crunk for the Lord - yeah

hes king of kings now thats whats up - x3

hes king of kings now gone throw it up

throw it up

## Tune of the Loom

(Chorus)

weave on the brain  
what ya got there right there

patterns ya maintain  
can light a nightmare

under and over  
keep it tight there right there

cover a lover  
good sight there quite rare

(Flow 1)

add some wrinkles to ya gray matta  
makin the brain fatta  
weavin a sound loom  
to a methodical brain pattern  
for the logical or prodical  
makin this thang matta  
or the brain gets bogged  
by the voices that make chatta

feed the brain excel and gain  
maintain to sustain  
choices we make  
weave a pattern membrane  
if woven in devotion  
dilemmas can't stain  
the path you take  
betta keep you sane

spitin words like a gatlin  
got me sweatin  
necessary vocabulary  
dancin like a latin  
speaking life with meaning  
make it hot and steaming  
if ya wise pull up a chair  
and get to leanin

get on board with the lord  
da word is ya sword  
approachin' with respect  
if you a coming toward  
perceive this weave  
comin up from me  
threaded up and woven  
you betta believe folks be lovin

(Flow 2)

full focused not jokin  
guns smokin cons chokin  
stomp trolls takin tokens  
whose nose be a pokin  
fruit of the Spirit  
through lessons if you hear it  
change ya mind change ya soul  
untangle patterns that are old  
articulation enunciation  
our clerical obligation  
showing through up in our nation  
people minds on vacation  
livin word I be drinkin  
good shepherd got me thinkin  
weavin patterns in my brain  
threaded headwear keep me sane

(Flow 3)

when I text you hon I use a  
lexicon  
learn new words and list all the  
specs for fun  
this rhyme is on time and quite  
sublime  
best tasting mole' with a hint  
of lime

probabilities be massive  
massive possibilities not livin  
life passive

profanity we aint having  
our sanity we be tappin  
slappin and dappin  
and unpackin the rappin  
results when start and finish  
success of goals you be gettin  
times get tough and you ain't  
quitting  
the squatters doing nothing  
but sittin  
the book of proverbs tell a lot  
for in the scriptas it is written

## Child Of God

(Flow 1)

we walk in faith  
knowing the Lord  
wants best for us  
to live a life  
obtain a way  
that's fabulous  
not he or she  
just you and me  
is where i rest my identity  
responsibility  
accountability  
with two or three  
where we agree  
a rest is wear my Jesus peace  
where i release a home to lease  
sit back and relax  
we can list the facts  
it better than the digits  
on that income tax  
He love us you know this  
Word told us His promise  
despite if you have doubts  
like the disciple twin Thomas  
i'm just being honest  
  
it's transparent but a-parent  
child of God and a free agent  
walking with God  
ain't no vocation trip  
rather man and his Creator  
build relationships  
sailin' off  
with a child like spirit  
you know His subtle voice  
and when you hear it  
distinction from the noise  
not a human voice  
you making good decisions  
now we all rejoice

(Chorus)

i know who i am  
and who i be  
the Word of God  
is how i see  
and other things  
that don't make me  
i'm changing things  
making devils flee  
the stress is less  
cross my address  
that spiritual rest  
thank God He bless  
our burdens He shoulders  
if we let Him have it  
i'm certain you lookin' older  
if ya worries are habits  
a little pressure  
you will mature  
and I'm quite sure  
that you got the cure  
folks wanna know  
just what ya got  
the light of the Father  
is what you spot  
child of God  
cruizin' like a new hot rod  
soul lookin' good  
so everybody nod  
add an emblem picture  
of a press on cod  
visit on ya street  
that's how we drive it right

## Child Of God

(Poetic Flow)

(Flow 2 )

thank ya for adoption  
a life worth living  
the greatest option  
He found us low  
and helped us grow  
now take front row  
takin off like a jet plane engine  
don't mix it up with that worldly  
religion  
trying to bridge a gap  
but you keep falling short  
don't try to earn it  
case thrown out of court  
they know us for our love  
for our love  
receive it from above  
from above  
it's the end of the world  
some saints be tripping  
set on prophecy  
not em-pathy  
children of God  
will makes things turn  
c-o-g we will not adjourn  
the Lord guide my feet  
now i make it blessed  
overturn the situation  
so i pass the test  
overcomas  
stompin' drammas  
beatin' the heat  
like the summas

i am saved  
saved i am  
not bound to the grave  
for salvation is who I am becoming  
not where i am going  
the thief's soul wasn't saved  
and he went to the grave  
accepted into paradise  
knew not Jesus was nice  
who was he?  
so if salvation has no condemnation  
and condemnation needs salvation  
according to the thief  
they both have limitations  
both are experienced on earth  
involving death and spiritual birth  
in whom you're becoming  
not where you are going  
every knee will bow  
according to where soul shall go  
does this sum up the rest  
who the real teachers preachers  
leaders or students  
who you learning from  
or whom you teaching  
watch out students you may be teaching  
teachers that are learning students  
and teachers watch out  
you may be learning from teaching  
students  
scientists look out into space and  
to the heavens for signs of previous history  
but answers phenomenon enigmas parallels  
world universes and paradox exist in the  
mist of me

it takes faith not to believe and belief in another's faith  
so who defines our positions titles authorities or descriptions  
throughout the day it's our source God  
the maker has the last say even this very thing i wrote  
He inspired this way if you can't problem solve  
in three dimensions you still have one supernatural  
option God as a child of God we have four ways of seeing something  
don't be like the thief on the cross and meet your maker broke  
if you want a God head start in this life identify with Christ and He'll  
make you whole wear me  
Jesus threads woven unto Christ  
beautiful patterns threads of the Word  
loom of the Spirit God threads on me  
identity in Christ Jesus covers my assets  
the woven Word God's software

## S Word

(Chorus)

Son of God Elohim Great I Am and  
Lord Jesus the King  
Alpha Omega High Priest Hallelujah  
praises we sing

(Flow 1)

a lot of people like to use  
the S word but im gonna spit  
it out for ya

for goodness sake  
turn to the scripture  
to see God form the big picture  
you'll even realize  
that He was always there with ya  
from the beginning  
to the later days  
when satan was out there to  
sift you out and get ya

searching for purpose  
seeking out meaning  
sun rise in from east  
shade fall on the breathin

sanctify ya  
with scarlet red  
seeing higha  
soaring ahead

salutary motives  
spaded grass like clovas  
serene space all over  
stretching out ya shoulders

sacred life He's giving  
set you up for living  
still waters you swimmin  
shining light not dimming

(Flow 2)

sacred sanctorum sanctuary  
when He was scary  
the Spirit dwelt in His  
mother womb  
and her name was mary

six days he created  
on the seventh he chose  
to Rest  
people be debating  
how man could screw up  
on the Lord's best

supernatural savior  
and sea walker

spiritual guide  
sometimes unseen stalker

selfless servant  
also a soul catcha

sound doctrine fill  
His stomach up I betcha

son of man son of God  
of em' all  
supreme ruler  
submits to The Father  
when He call

sow good seed there  
is no need for poverty  
sovereignty  
cover me for eternity

## S Word

(Flow 3)

sanity for humanity  
a real big mess this planet be  
solutions He be givin me  
sophia divine wisdom can't ya see

got that sharp sword  
pointed forward  
soon enough we pushin toward  
sympathetic that's the Lord  
rams dodge people when they're floored.

shepherd shield His sheep  
not bo peep  
grab that staff don't fall asleep  
save that herd now that's for keeps  
jump the fence and take a leap

steward's preacha subdues the trouble  
student's teacha burst satan's bubble  
shrouded cloth it covered love  
His second coming from above

yeah - show some self control  
that saline salt it taste too bold  
sent you out to be the light  
make sure you are standing right

sunday service rehearsing it  
bible verses covered yet  
saints at church be making bets  
schisms stop you betta quit

supa star  
shining bright  
scroll unfold  
holdin tight

spiritual powers  
good fight  
serpents flee  
got bite

saved by grace  
saints g race  
set a place  
brand new space

secular make a spectacle  
shown on that tv rectangle  
sensational He ain't about  
supernatural He got the clout

(Flow 4)

saying daily prayers  
is about that what  
sowin bearing fruit is  
about that love  
show em what you got  
you know what it does  
save the best last  
pullin out that grub

we like to flow  
but make the tones  
really low

speak words bestow  
and make the  
rhythms go

watch that s word  
if you gonna make it sing  
use it right hold it tight  
when you bout to swing

folks slangin life and death  
like a common thing  
careful how you use those words  
they can hurt or sting

sweet supplier  
make it dire  
God's real good  
no need to buyers

sugar rush i can't retire  
toes be curlin i'm super flya  
Jesus a have you set for life  
He'll slide in a good lookin wife

set you up abundantly  
all my dreams in front of me  
they become reality  
living out my destiny

save ya time on the dime  
take the futura cause it's mine

## G'd Up

(Flow 1)

His goodness and mercy  
i'm haulin back  
drop a sound  
gotta add it on this track  
undeserved favor  
now add some grace  
savor the flavor  
how about a taste  
the lord showed his love  
to the human race  
after he was beaten up  
in the face  
after many years  
celebrate the kindness  
wipe away tears  
by the king his highness  
smellin good under his  
myrrh-see  
God's people be called  
His g-race  
give ya somethin to grab  
just in case  
anybody driftin out  
in deep space  
after you read His love letter  
everything can get better  
the abundant life  
overcome the strife  
comfy and warm  
like a big sweater

(Chorus)

Recieve the grace of God  
You betta get G'd up  
the Lord wants you  
to know you to  
He wanna help you out  
you betta not miss out  
He laid his life down just for you  
G'd Up

(Flow 2)

second chances  
humans dancin  
God will pull you in  
He's romancing  
the creator loves ya  
right above ya  
His Spirit descends  
like a cova  
over the shame  
receive a new name  
heaven rewards  
not for fame  
  
past burned in flames  
God make it rains  
propel you forward  
fueled like plane

(Flow 3)

phenomenon  
from a Son  
choose you  
like a pokemon  
transformation  
has begun  
invigorating  
now you stunned  
the lamb of God  
carry His rod  
waking all those  
sleep to-nod  
too busy are you  
go catch a flight  
or spend some time  
to fly a kite  
put altogether  
and get it right  
a bird, a plane  
Jesus in sight
